	12:00		LUNCH			LUNCH			LUNCH		
8:30	13:30	18:30	Plenary session Keynote #1			Plenary session Keynote #2			Plenary session Young Invited Lectures		
	14:00										
	14:30		S4	S5	S6	S13	S14	S15	S22-1	S23-1	S24-1
	15:00								S22-2	S23-2	S24-2
	15:30		S7	S8	S9	S16	S17	S18	Closing session		
	16:00										

TC106 - 2nd European Distinguished Lecturer on Unsaturated Soils

New research topics in experimental unsaturated soil mechanics. Hydro-mechanical behaviour of compacted vegetated soils.

Enrique Romero

UPC, Barcelona, Spain

KEYNOTES

Bentonite clay barriers in nuclear waste repositories.

Lyesse Laloui

EPFL Lausanne, Switzerland

A sustainable and bioengineered three-layer unsaturated landfill cover system without a geomembrane.

Charles Ng

HKUST Hong Kong, China

YOUNG INVITED LECTURES

Wojciech Solowski
AALTO, Finland

Alba Yerro
Virginia Tech, USA

INVITED LECTURES: SESSION EFFECTIVE STRESSES

Jean-Michel Pereira
ENPC Paris, France

João Ribas Maranhã
LNEC, Lisbon, Portugal

Jean Vaunat
UPC Barcelona, Spain

PANEL SESSION: CODES OF PRACTICE

Invited contributions and discussion.

PARALLEL SESSIONS: S1 to S24

Thematic sessions for oral presentation of all registered papers (10 minutes) followed by discussion (2-5 minutes/paper).
